Dan Duquette Sports Academy Partners with Primerica Financial

Primerica Financial offers free financial needs analysis to Sports Academy families.

HINSDALE, Mass. (March 10, 2010) – The Dan Duquette Sports Academy announced today a partnership with Primerica Financial to offer a complimentary, confidential financial needs analysis to all families that register for an event at the camp in 2010. Upon registering online, families will have the opportunity to visit with a Primerica financial coach for free. "In this economy who wouldn't want to know how to economically protect their loved ones, eliminate debt faster and smarter and save for the future needs of their family?" said camp Founder and President Dan Duquette. "The Sports Academy is proud to offer this value added service to the families that participate in the healthy activities of our camp."

"The Primerica Financial Needs Analysis (FNA) is a tool our representatives use to help families better understand their personal finances, The FNA gives a detailed overview of your current financial situation and suggests a personalized strategy for your financial security. The FNA is complimentary, confidential and customized for every family that Primerica serves. We are happy to be part of the 2010 lineup at the Sports Academy and are ready to coach parents on this vital issue of financial fitness" said Forrest Newton Regional Vice President for Primerica.
